Course outline	To develop the capability to communicate effectively and to take a strong leadership role in the global community, students go abroad for study for about three months or more. Pre-education and follow-up education are provided by the TEC faculty and coordinators. Locations may not only be a university, but also various institutions such as companies, research organizations, and governments, which will be determined through dialog with R&D faculties and TEC staff.
Class schedule	Overseas training for about three month or more.
Evaluation	Evaluation is based on the achievements in that period as well as the comments of the adviser at the overseas institute.
